Phase 1

This busy environment requires the floors to be cleaned with a scrubber dryer and chemical cleaner to lift the dirt from the floor. Glanaco Services use the [GSD385](#) and [GSD530](#) to effectively lift the dirt and grime from the floor.

Phase 2

Probably the most important cleaning step! Glanaco Services deep clean the gym equipment that is in constant use.

By-Monthly Deep Cleaning

With daily cleaning completed by the in-house team, Women's Fitness outsource the deep cleaning of the gym to Glanaco Services. Every 2-3 months the contract cleaning team deep clean the inside and outside of the Gym.

Phase 3

Glanaco Services also provide outdoor cleaning jobs. The contract cleaning team also clean the gym's windows both inside and out.
